March 2010

Please Notice:

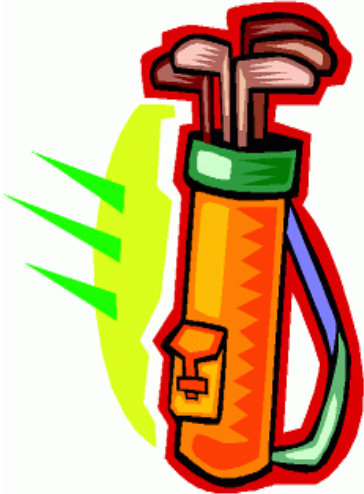

We are not aerfying the greens this spring! We will be open for play on March 23rd. We will not be interrupting your golfing pleasure this spring! We will institute a mini-spike aerfication instead, which will have a quicker recovery time. So enjoy your club and golf course even more this year at Sundale Country Club

SHARON'S CORNER

Dear Members,

Hello everyone! Boy it really feels like we are in Chicago! And when it snowed on us at Primm, I didnt know what to think! 86 of us went on the Primm trip and we had a blast! By the way, Jerry Pledger got his first hole in one on the first day at Primm. Congratulations Jerry! It was great to see all the members having a nice time! I cannot wait to go on the next one! If you have never gone, it is a definite good time, so come and join us for the next one in August!

We had 25 couples up in the Tavern for Valentine's Day! A wonderful meal was enjoyed by all and the food presentation and service was the best I have seen in the ten years! Thank you to the entire clubroom staff for putting on a tremendous show! We all appreciated your efforts very much!

I am anxiously awaiting news from the Ladies club to see if we won the Tri-Club tournament for the second year in a row. Good luck to my ladies and thank you for trying your best!

Our Saturday Men's Team Play has advanced to the playoffs and our first match will be on April 3rd! Good luck to the guys on the team.

PLEASE NOTE IN YOU CALENDAR- We are NOT punching the greens this spring! So we are open on March 23rd this year! We have opted to do a mini-aeration instead and we will finish this job on March 22nd. Your play will not be grossly interrupted this year like other years past. We will not have to wait a month to play. We will not have to wait at all. YIPPEE!!! We can play right away and through spring break! So please do not make alternative plans! Stay at your club for the spring season! YIPPEE!

We opted not to punch because we had such late germination in our greens and we feel that the greens do not need a large punch. So we will do mini-aerations throughout the season. We want you to have more playing time and enjoy the course more often. We hope you will make time to come out to your club!

And please note: daylight savings time is on Sunday, March 14th!!! We get an extra hour of daylight! So all you after work golfers? Get your clubs ready to go 18 holes after the 14th!

We have a couple of outside tournaments in March so look at your calendars. When it says "member shotgun," that means you! Ask the Pro Shop, if you have any questions!

We have a new starter in the Pro Shop, Al Sandrini, so please welcome him to our staff if you see him. He used to work here when this place was called Kern City! So he is not a stranger to the golf world.

On Easter Sunday, April 4th, at 9AM, we will have our traditional Easter Egg Hunt on the putting green. Hope to see all of your kids and grandkids at the club!

As usual, I am anticipating opening day of baseball, my favorite sport, next to golf of course. Until then, I will see you all out on the golf course or in the clubroom!

Sincerely,
Sharon

SUPERINTENDENT'S MESSAGE...

In the first week of March, we did a mini-aerification for the greens that we had problems with during the wintertime.

We had great success on this mini-aerification and our greens are recovering very fast. We realize the fact that our members suffered a lot because of the poor condition of our greens during the winter. We thank you for your patience and support during this time.

Since the greens are recovering in good condition, we will SKIP the regular punching and go with the mini-aerification on March 22nd. We will NOT be punching with bigger tines. Therefore the recovery time will be much quicker and your play will NOT be interrupted like normal spring aeration. So you do not have to go play somewhere else. You will be able to enjoy your golf course even more this year. And play through spring break and Easter break!

We are continuing to trim all the low branches of our trees throughout the course. I hope we have good golfing weather in March, because February was a wet month.

Keep hitting it straight until the next time.

Best regards,

Young Ohr
Superintendent
